

# SOLARWORLD ASSURANCE™

WARRANTY PROTECTION PROGRAM

## DUAL WARRANTY™ PROTECTION ADDITIONAL COVERAGE FOR YOUR PEACE OF MIND

### ASSURANCE FROM SOLARWORLD FOR THE LONG TERM

The SolarWorld Assurance™ program offers the first comprehensive Dual Warranty™ plan on the market that provides real value to you, the system owner. In addition to SolarWorld's standard product warranty, the Dual Warranty plan is a **supplemental warranty policy provided at no additional cost to you**<sup>1</sup>. The policy goes into effect immediately in the event the original warranty can no longer be supported. The Dual Warranty policy is backed and guaranteed by a 3rd-party company, so you can purchase with confidence and be assured that your solar panels are covered.

Visit the website for more information: [www.solarworld.com/assurance](http://www.solarworld.com/assurance)

- Zero premiums<sup>1</sup>
- Zero deductibles
- You own the policy
- Transferable ownership
- 3rd-party-backed and guaranteed

*SolarWorld Assurance Dual Warranty protection plan is backed by an "A"-rated company from a U.S. nationally recognized statistical rating organization.*

## NO WORRIES FOR THE FUTURE

SolarWorld's optional Dual Warranty™ plan is for **solar systems between 3 and 20 kilowatts**. After registering for the Dual Warranty, you will receive a certificate of coverage and you hold the ownership of the policy.

If you should sell your home, both the original SolarWorld Sunmodule standard warranty and Dual Warranty policy are completely transferable to the new owner.

**You simply get more with SolarWorld.  
That's Real Value.**

## SOLARWORLD SUNMODULES – THE WORLD'S MOST RELIABLE SOLAR PANELS

With continuous production for nearly half a century, our experience in manufacturing propels us to produce the highest-quality solar panels in the industry. Our history of innovation and commitment to quality drives us to now introduce the **industry's best-backed warranty**. As the only major solar panel manufacturer with solar modules in operation longer than their original warranty, you can have confidence that your **SolarWorld solar panels will perform as promised – the most reliable in the industry.**

<sup>1</sup>During the introductory period, there are no premiums for SolarWorld solar panels installed beginning January 1, 2017. For installations prior to that date, see website for details.
